

## Lady Anita - How to Find Us

We're pleased to invite you on board our luxury yacht, and that you have chosen to stay with us.

We have a permanent berth at the exclusive **Marina Bay** in Gibraltar, which is just a short distance from the airport and the centre of Gibraltar. With popular restaurants on our doorstep at Ocean Village (including Sky Restaurant @Sunborn, Wagamamas and Little Bay) and places to unwind from Sports Bars and Casinos, to Gyms, Salons and more.

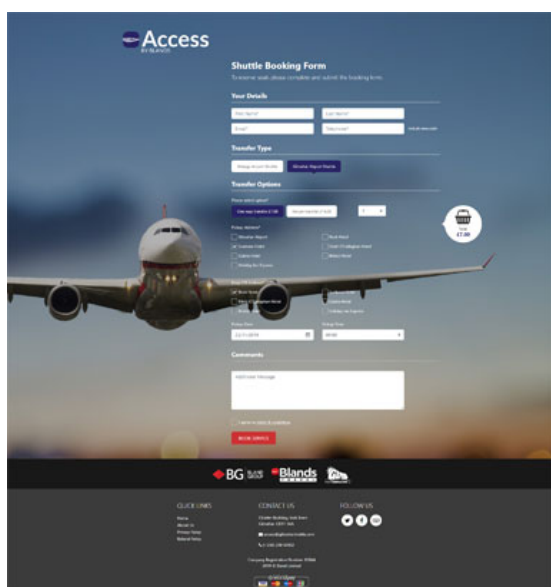

Our berth, on Pier 4 West, is one of the most sought-after in the marina, and when you arrive you'll see why!

Our address is: **Lady Anita, Pier 4 West, Marina Bay, Gibraltar, GX11 1AA.**

It's a walkable distance from the airport, although if you want to rest your legs, or have heavy suitcases, it could be worth grabbing a taxi outside the airport.

(Best location to tell the driver is to drop you off at the **Rear of the Sunborn cruise liner**, which is next to a nice wooden bridge, opposite Bianca's restaurant, and entrance to the Marina pier).

For **advanced taxi bookings**, one place to book is at: [www.GibraltarShuttle.com](http://www.GibraltarShuttle.com). The journey will cost about £10 depending on number of passengers and time; with the closest location for drop-off as 'The Sunborn' (Casino entrance).

We also partner with a team who offer an excellent and exclusive Airport pickup service for just £15 which we highly recommend. Ivan can be reached directly at **+350 56004560**.

If you're feeling brave though, it's a nice walk. And you get to walk across an active airport runway, which is a unique experience, while facing the monumental Rock of Gibraltar – it's hard to not stop for a few photos along the way!

Hopefully this little visual guide will help guide you to our meeting point!

Firstly, when exiting the **Airport Arrivals**, follow the main path past the taxi ranks towards the Spanish border and main road into Gibraltar (keep walking straight from Arrivals).

When you reach the main road, with the border on your right, **turn left to follow the road into Gibraltar**.

About 50m down the road you'll see a pedestrian crossing point, and we recommend you take this as it's quicker than to take a crossing further down. You'll walk past a bus stop, keep walking down and soon on your right you'll pass by a supermarket called Erioski and then it's the **runway**.

Keep walking after the runway, towards the Stadium on your right, until you reach a **roundabout** with a sign for parking for the Luxury Yacht (photo below, on the left).

**Turn right here**, where you'll follow a road with the Stadium on your right, (photo above right) and Gibraltar's Business Centre (the Gibraltar World Trade Centre).

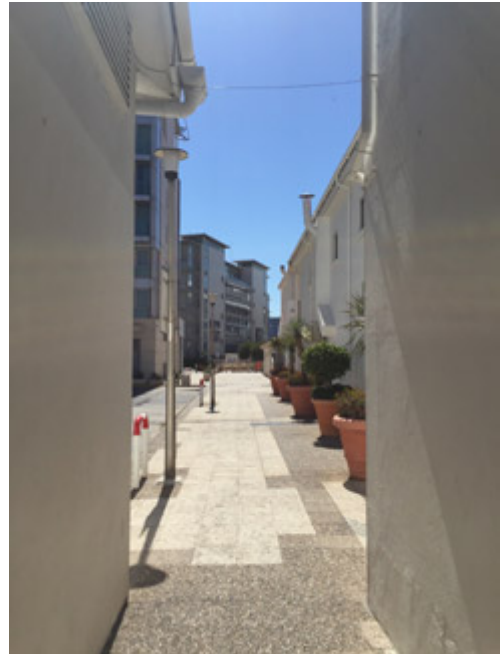

Keep on this road and a little further up you'll see a large sign for Marina Bay (photo below), follow the road as it **curves to the left slightly**.

Take the very next **pedestrian exit on your right** (photo below, left)

And **walk straight down** this path until you reach the pier (photo above, right)

You'll be at the back of the Sunborn and will soon see a **large map of the Marina** ahead, with Bianca's restaurant on your right and a wooden bridge which takes you to the entrance to the pier and our luxury yacht that is being prepared for your stay.

Our manager will meet you near the bridge – or if you're early, take the chance to grab a quick coffee at **Bianca's** and let us know you've arrived!

We hope you enjoy your stay!
